

BOURBON COUNTY JOINT PLANNING OFFICE

525 High Street
Paris, KY, 40361
859.987.2150

September 11, 2017

Dear Planning Commissioner,

Over the past month, we've experienced much activity at the Planning Office. On August 29th, we were fortunate to have visitors from the University of Cincinnati Planning, Landscape Architecture, and Preservation program. The Planning Office co-facilitated two community visioning sessions throughout the day. Between a morning and evening session, over 120 community members voiced their hopes for a better Bourbon County. Thank you to those of you who attended!

The purpose was for information gathering so the students capture an accurate depiction of where we want to go as a community. The meetings also served as a kick-off the community engagement process of the 2020 Comprehensive Plan Update.

I encourage you to attend future sessions that are offered, such as the Bike and Pedestrian Planning Meeting on September 19th and other advertised planning meetings and strategic sessions.

Look forward to seeing you on the 21st.

Sincerely,

Andrea S. Pompei Lacy, AICP
