

BOCO *On the Table*

WHAT IS ON THE BOCO ON THE TABLE?

Bourbon County (BOCO) *On the Table* is a one-week opportunity to host and/or attend an informal gathering with friends, neighbors, colleagues and maybe even a few people we're meeting for the first time to share a meal/snacks and have a conversation about what is important to us.

The conversation will focus on the following questions:

- What are the biggest strengths of our Community?
- What are the biggest challenges our Community faces?
- What actions are crucial for the future success of our community?

WHY BOCO ON THE TABLE?

As part of the *Envision 2040* Comprehensive Plan update, your participation in *On the Table* discussions will influence future policy decisions that affect our community.

On the Table conversations are meant to bring diverse voices to the discussion of who we are, where we're going and how we can get there together. The goal is to discover how each of us can make a difference, joining together people and organizations that make our communities better places for all.

WHO

Do you live, work or attend school in Bourbon County? You are invited to participate by hosting or attending an *On the Table* conversation.
