

EHI Fee Schedule and Scope of Work Paris Bourbon County Planning Commission

Demographic Analysis

EHI will analyze the demographics from historical and projected population changes as an update to the Comprehensive Plan. We will assess from a macro perspective down to the City and County and BGADD regional level for comparison and inclusion in the Comprehensive Plan.

Our task will be to gather and analyze demographic indicators to provide information on demographic processes and their outcomes. Socio-economic indicators will be used to track economic progress and social change to portray the community's state of well-being and quality of life as part of the comprehensive plan. We will conduct an analysis of the following data along with subsets:

Demographic

Migration

Population

Households

Socio-Economic

Labor

Employment

Education

Income

Sign Ordinance

EHI will conduct a review and analysis of the City of Paris § 80.202 SIGNS AND OUTDOOR ADVERTISING and develop a revised ordinance that addresses areas of concern ranging from:

- Administration
- Enforcement
- Permitting
- Best Practices

EHI will prepare a revised and updated sign ordinance for presentation to the planning administrator and or planning commission if desired.

Fee: \$11,000

Time: 4 Months
